A. The District establishes this Code of Conduct for the Maintenance of Public Order on School Property and at School Functions to govern the conduct of students, teachers and other school personnel, and visitors. This Code of Conduct has been developed consistent with Article 2-A of the Education Law, the Safe Schools Against Violence in Education Act (Chapter 181 of the Laws of 2000) and Section 100.2 of the implementing Commissioners Regulations, in collaboration with student, teacher, administrators, parent organizations, school safety personnel and other school personnel.

exercise of a normal bodily function or is demonstrable by medically accepted clinical or laboratory diagnostic techniques or (b) a record of such an impairment or (c) a condition regarded by others as such an impairment, provided, however, that in all provisions of this article dealing with employment, the term must be limited to disabilities which, upon the provision of reasonable accommodations, do not prevent the complainant from performing in a reasonable manner the activities involved in the job or occupation sought or held. (Education Law Section 11[4] and Executive Law Section 292[21])

“Gender” means a person’s actual or perceived sex and includes a person’s gender identity or expression (Education Law Section 11[6]). “Gender Identity means a person’s gender-related identity, appearance or behavior, whether or not that gender-related identity, appearing or behavior is different from that traditionally associated with the person’s physiology or assigned sex at birth.

e. Issues Related to Academic Integrity

Held with the charge of preparing students to be college, career and citizen ready, the educational staff at Waterville Jr./Sr. High School is committed to developing students’ understanding of issues related to academic integrity. Specifically, students in grades 7-12 will be educated regarding issues of academic dishonesty and plagiarism.

According to Colgate University, academic dishonesty is “any attempt to misrepresent one's performance on any academic exercise submitted for evaluation.” Furthermore, academic dishonesty includes “Cheating, Fabrication (of data or sources), Facilitating Academic Dishonesty, and Plagiarism.”

According to Merriam-Webster Dictionary, plagiarism is defined as “the act of using another person's words or ideas without giving credit to that person.”

Given this education, students are to be held accountable for maintaining a high level of academic integrity with regard to all
school-related work. This includes, but is not limited to: homework assignments, essays, reports, research papers, presentations, computer work, assessments, or any other assignment that is graded or used to assess student understanding.

Given this education, all assignments are expected to be the original work of the student. With that being said, when a student:

- uses the words of another, it is expected that quotations are used and a source is cited either in the text or via footnotes,
- paraphrases and/or summarizes the words of another, it is expected that the student identify the source of the idea(s),
- uses the work of another student, that student is in violation of the expectations for academic integrity,
- provides assistance to another student in violating expectations for academic integrity, the student will also be considered in violation of the expectations for academic integrity.

Teachers play a vital role in upholding Waterville Central School District’s principles related to academic integrity. Educational staff and administrators will utilize various methods and resources to assist in the detection of acts related to plagiarism and cheating. It is expected that all teachers will report issues of academic dishonesty and plagiarism to building level administration. After being reported, an instance of academic dishonesty or plagiarism will be handled as a disciplinary issue. If after investigation a student is found to have violated the expectations for academic dishonesty, a score of 0 may be assigned for that assignment. Additional disciplinary measures may also be taken.

It is against school rules for you to do this by your physical actions or by your verbal statements, including electronic messages.

C. Disciplinary Responses to Student Misconduct

The purpose of all discipline is to teach students appropriate and constructive behaviors. Disciplinary measures shall be balanced, age appropriate, progressive and address the seriousness of the offense and, where applicable, to the previous discipline record of the student.

This code divides types of misbehaviors into four (4) levels of increasing seriousness, with more stringent disciplinary measures provided for at each level. If an infraction appears to fall between two levels, it should be categorized and dealt with at the less stringent level. At each level there are examples of infractions to be treated at that level. The list is intended to be descriptive rather than exhaustive. Each level also has a description of procedures which school officials should follow in administering discipline, and a menu of disciplinary choices. Because each child and each misbehavior is different, school officials should tailor the discipline for each infraction to best encourage the child to make better choices in the future through remedial actions to help improve student
behavior, reduce repeated misbehaviors, and contribute to a more positive school environment.

Disciplinary actions may result from any incident occurring on school property, a school bus/transportation, or at a school function. Disciplinary action may also be taken if an incident occurs off school property and is deemed to be disruptive to the educational process.

Level A
These misbehaviors constitute minor infractions of school rules which cause little harm and minimal disruption. They are best handled quickly and informally. If the behaviors continue, however, their very persistence may make them disruptive enough to cause them to be treated as more serious infractions with more stringent consequences.

Examples of Infractions
1. Failure to follow instructions
2. Minor classroom disturbance
3. Minor aggressive act
4. Inappropriate physical horseplay
5. Neglect of safety rules
6. Violation of bus rules
7. Violation of library rules
8. Litter
9. Disturbance outside classroom
10. Abuse of hall, locker, study hall or library privileges
11. Tardiness
12. Inappropriate language
13. Failure to bring in a note for absence from school
14. Parking/Riding/Parking Infractions

Procedures
1. The supervising teacher/staff member intervenes and applies the most appropriate discipline.
2. The supervising teacher/staff member who intervenes must submit written documentation to administration regarding the offense(s) and disciplinary action(s) taken.
3. Parent/guardian contact and/or conference will take place.
4. If misbehavior persists, the supervising teacher/staff members will conference with administration.
5. Administration will maintain a record of the offense and the disciplinary action taken.

Level B
Misbehaviors included at this level are frequent and/or serious enough to disrupt the learning climate of the school and affect the student’s own ability to learn. Some of these infractions may be a result of misbehaviors which continue even after disciplinary measures are taken under Level A. Because of the frequency and/or seriousness of these misbehaviors, the administrator assumes the major responsibility for corrective action.

Examples of Infractions

1. Unmodified Level A misbehavior
2. Defiance and/or insubordination
3. Petty theft
4. Gambling
5. Use of profanity or obscenity
6. Forgery

Level C

Classified at this level are behaviors which may cause lasting harm to the misbehaving student or which may threaten the health, safety, or emotional well being of others in the school. If the possibility exists that misbehavior(s) at this level violates criminal law(s), administrators may contact law enforcement officials. In most cases, efforts will be made to remediate through disciplinary action at the school.

D. Removal of disruptive students from the classroom and school property.

1. Teacher Removal of a Disruptive Student from the Classroom

   a. Teachers have a limited authority to remove disruptive students from the classroom. Such removal shall be consistent with this Code of Conduct. Disruptive students are defined as elementary/or secondary students, under the age of 21, who are “substantially disruptive of the educational process or substantially interfere with the teacher’s authority over the classroom.”

   b. A disruptive student may be removed from a teacher’s classroom by the teacher for no more than two (2) days of instruction for each incident of substantial disruption of the educational process or substantial interference with a teacher’s authority.

   c. In order to initiate the removal of a student from the classroom, the teacher must first determine that a student is disruptive. The behaviors identified as Level B behaviors under Section IV(C) Disciplinary Responses to Student Misconduct are illustrative of
disruptive behavior warranting teacher removal from class. Behaviors which do not rise to the level defined as disruptive shall be subject to traditional disciplinary strategies, in accordance with this policy.

These techniques may include practices that involve the teacher directing a student to briefly leave the classroom to give the student an opportunity to regain his or her composure and self-control in an alternative setting. Such practices may include, but are not limited to: (1) short-term “time out” in an elementary classroom or in administrator’s office; (2) sending (with supervision) a student to the principal’s office for the remainder of the class time only; (3) sending (with supervision) a student to a guidance counselor or other district staff member for counseling; or (4) assignment to time out, or “resolution and recovery”. Time-honored classroom management techniques such as these do not constitute disciplinary removals for purposes of this code.

In addition, teacher removal of a student from the classroom for behavior which warrants a more significant penalty, such as out-of-school suspension, does not preclude the greater discipline.

d. If the student’s behavior is merely disruptive (not presenting a continuing danger or an ongoing threat of disruption to the academic process) the teacher shall notify the student of the reasons for the removal prior to the removal and allow the student to present his/her version of the events. If the student’s behavior does present a continuing danger or ongoing threat as stated above, the teacher may immediately remove the student from the classroom; and explain the basis of the removal and allow the student to present his/her version of the events within twenty-four (24) hours of the removal. If the twenty-four (24) hour period does not end on a school day, it shall be extended to the corresponding time on the next school day.

e. A teacher initiating removal of a student from the classroom pursuant to the provisions of this Code of Conduct shall inform the principal of the basis of the removal and complete a written disciplinary referral form detailing the basis of the removal.

f. The principal or his/her designee (another administrator) must inform the parent of the reasons for the removal from class within twenty-four (24) hours of the removal, provided that if such
CODE OF CONDUCT

twenty-four (24) period does not end on a school day; it shall be extended to the corresponding time on the next school day. On request, the student/parent must be given an opportunity to discuss reasons with principal or his/her designee. The teacher shall be involved in the conference, unless the principal decides based upon extenuating circumstances that it is not beneficial to have the teacher involved in such conference.

1. If the student denies the charges, the student/parent must be given explanation of basis for removal and an opportunity to represent his/her version. This must take place within forty-eight (48) hours of the removal. If the forty-eight (48) hour period does not end on a school day, it shall be extended to the corresponding time on the second school day next following the student’s removal.

2. The principal or his/her designee must decide, by the close of business on the school day next succeeding the end of the forty-eight (48) hour period for an informal hearing, whether the discipline will be set aside. The principal or his/her designee may only set aside discipline if:

   a. The charges against the student are not supported by substantial evidence.

   b. The student’s removal is in violation of law.

   c. The conduct warrants an out-of-school suspension and a suspension will be imposed.

   g. The District shall provide continued educational programming to students who are removed from class by a teacher. Such programming shall include placement in an alternative educational program appropriate to individual student needs.

E. Student Suspension from School

1. Parental notice concerning student suspensions. When suspension of a student from attendance for a period of five (5) days or less pursuant to Section 3214(3) of the Education Law is proposed, school district officials shall immediately notify the parents or guardians in writing that the student may be suspended from school. Written notice shall be provided by personal delivery, express mail delivery, or equivalent means
reasonably calculated to assure receipt of such notice within twenty-four (24) hours of the decision to propose suspension at the last known address or addresses of the parents or guardians. Where possible, notification shall also be provided by telephone if the school has been provided with a telephone number(s) for the purpose of contacting parents or guardians. Such notice shall provide a description of the incident(s) for which suspension is proposed and shall inform the parents or guardians of their right to request an immediate informal conference with the principal in accordance with the provisions of Education Law, Section 3214(3)(b). Such notice and informal conference shall be in the dominant language or mode of communication used by the parents or guardians to the student. Such notice and opportunity for an informal conference shall take place prior to the suspension of the student unless the student’s presence in the school poses a continuing danger to persons or property or an ongoing threat of disruption to the academic process, in which case the notice and opportunity for an informal conference shall take place as soon after the suspension as is reasonably practicable.

2. The suspension of students for a period in excess of five (5) school days shall be conducted in accordance with the regulations of Section 3214 of the Education Law.

3. Minimum Periods of Suspension

   a. Students Who Repeatedly are Substantially Disruptive

   Students who repeatedly are substantially disruptive to the educational process or who substantially interfere with the teacher’s authority in the classroom shall be subject to a minimum out-of-school suspension of two (2) days. A student who is “repeatedly is substantially disruptive of the educational process or substantially interferes with the teacher’s authority in the classroom” is defined as one who is removed from the classroom by a teacher more than four (4) times in a semester. Such suspension period may be reduced on a case by case basis consistent with law.

   b. Students Who Bring to or Possess a Firearm or Weapon at School

      1. In accordance with the Gun-Free Schools Law (20 U.S.C.A. Section 3351), the Gun-Free Schools Act of 1994 (20 U.S.C.A. Section 8921), New York State Education Law Section 3214(3), and this Board policy, the punishment for violation of Section IV subsection B (2)(h)
shall be a suspension from attendance upon instruction for a period of not less than one calendar year.

The Superintendent has the authority to modify the one year suspension on a case-by-case basis. In deciding whether to modify the penalty, the Superintendent may consider the student’s age, grade in school, prior disciplinary record, Superintendent’s belief that other forms of discipline may be effective, input from parents, teachers and/or others; and other extenuating circumstances.

2. The term “firearm” as used in Section IV subsection (B) (2) (h) is defined in 18 U.S.C.A. Section 921(3) and shall include any weapon, including a starter gun, which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; the frame or receiver of any such weapon; any firearm muffler or firearm silencer; or any destructive device. Such term does not include an antique firearm. The term “destructive device” means any explosive, incendiary, or poison gas, bomb, grenade, rocket having a propellant charge of more than four ounces, missile having an explosive or incendiary charge or more than one-quarter ounce, mine or any device similar to any of those devices already described in this paragraph. Except that “destructive device” shall not mean any device not designed or redesigned for use as a weapon.

3. The Superintendent shall refer a student who has been determined to have violated Section IV subsection (B) (2) (h) as follows:

If the student is under 16 years of age (17 years of age effective October 1, 2018), to a presentment agency for a juvenile delinquency proceeding: except a student 14 or 15 years of age who qualifies for juvenile offender status in accordance with the Family Court Act, Article 3.

If the student is 16 years of age (17 years of age effective October 1, 2018) or older, or 14 or 15 years of age who qualifies for juvenile offender status, to the appropriate law enforcement agency.
c. Minimum Suspension for Violent Students, other than Students Who Bring or Possess a Firearm or Weapon to School

1. Teachers shall immediately report and refer a violent student to the principal or Superintendent for a violation of this Code of Conduct.

2. Students who are deemed to be “violent pupils” as defined by Education Law Section 3214 (2-a) (a), other than those who bring or possess a firearm or weapon to school in violation of the Gun-Free School Act and are subject to the provisions of subsection (b), above, shall be subject to a minimum out-of-school suspension of at least five (5) days. Such suspension may be modified or reduced on a case-by-case basis. In deciding whether to modify the penalty, the Superintendent and/or Principal may consider factors such as the student’s age, grade in school, prior disciplinary record, belief that other forms of discipline may be more effective, input from parents, teachers and others, and other extenuating circumstances. A violent pupil is an elementary or secondary student under twenty (21) includes one who:

   a. commits an act of violence upon a teacher, administrator or other school employee;

   b. commits, while on school property an act of violence upon another student or any other person lawfully upon said property;

   c. threatens, while on school property, to use any instrument that appears able to cause physical injury or death;

   d. knowingly and intentionally damages or destroys the personal property of a teacher, administrator, other school district employee or any person lawfully upon school property; or

   e. knowingly and intentionally damages or destroys school property.

F. PINS Petition/Referral to Human Services Agencies
The Superintendent has established the following procedures for filing PINS petitions or for the referral of students to the appropriate human services agency:

1. Where a student does not attend school in accordance with the Education Law or is incorrigible, ungovernable or habitually disobedient and beyond the lawful control of a parent or other lawful authority or who violates provisions of Section 221.05 of the Penal Law (unlawful possession of marijuana), the building principal having authority over the student will be responsible for filing a PINS proceeding against that student. Being “incorrigible, ungovernable or habitually disobedient and beyond the lawful control of a parent or other lawful authority” has the same definition as that provided in Article 7 of the Family Court Act. These petitions may also be filed by guidance counselors, or other certificated staff members but must be done in consultation with the building principal. Prior to commencing any such proceedings, the building principal should review the matter with the school district’s attorney.

2. The Superintendent will make available to all building principals a list of appropriate human services agencies located in or near the district. When in the discretion of the building principal referral to such an agency is appropriate, such referrals shall be made. This does not, however, effect the mandatory reporting requirements of all school district employees to make referrals for suspected child abuse.

V. Procedure in the Early Identification, Responding to and Resolution of Discipline Problems

A. Student service personnel, administrators, teachers and others shall report students who are having problems or appear to be having problems regarding matters covered in the Code of Conduct to the building principal. Parents also are invited to advise the building principal of concerns the parents may have regarding their children pertaining to the code.

B. Students are expected to report to teachers or to the building administrator any student who appears to be having discipline problems. Students are expected to cooperate in any conference regarding the discipline of that student.

C. When the building principal is aware of, or has received a report from student service personnel, administrators, teachers, students or parents, the building principal shall conduct whatever inquiry the principal considers appropriate.
D. If the building principal, after such inquiry, considers there is a basis for concern, the principal shall arrange to have a meeting with the parents and/or guardians and appropriate staff members to review the matter and create a plan to resolve the discipline problems.

E. The purpose of the procedure is to identify early possible problems and to resolve these disciplinary problems. The district shall assign such support personnel to assist the parties, considering the resources available at any given time.

F. Responding to Reports of Possible Harassment or Discrimination

1. The District has designated a Dignity Act Coordinator (DAC) for each school. Those coordinators are:

   Nick Rauch, JSHS Principal    Telephone: (315) 841-3900
   Maureen Gray, MPS Principal  Telephone: (315) 841-3700

   The Dignity Act Coordinators are trained in methods to respond to human relations in the areas of race, color, weight, national origin, ethnic group, religion, religious practices, disability, sexual orientation, gender (including gender identity or expression), and sex. They are available to speak with any person who has witnessed possible harassment/bullying and/or discrimination, or if that person has experienced treatment that may be prohibited harassment/bullying and/or discrimination.

2. The District provides a procedure for responding to reports of possible harassment/bullying and/or discrimination against students by another student, an employee, or any other person on school property or at a school function.

   The school principal or his/her designee, are responsible for receiving reports of alleged acts of harassment/bullying and/or discrimination. The principal, Superintendent or the principal’s or Superintendent’s designee may lead the thorough investigation of all reports of harassment/bullying and/or discrimination. In the event that the principal is the alleged offender, the report will be directed to the Superintendent.

   The school district will take prompt action to investigate any alleged act of harassment/bullying and/or discrimination, from reports received, whether written or orally reported, and will take steps necessary to protect the student from any further harassment/bullying and/or discrimination.
POLICY

COMMUNITY RELATIONS

CODE OF CONDUCT

If a student witnesses or is the subject of harassment/bullying and/or discrimination, or is aware of any such acts, they should immediately report the incident to any staff member or administrator. The staff member and/or administrator shall document and take appropriate actions to address the occurrence and promptly report to the building principal or their designee.

When an alleged incident of harassment/bullying and/or discrimination is reported to or witnessed by a staff member, the staff member must take prompt action, notifying the building principal, or his/her designee no later than one school day after the staff member receives or is witness to the incident. The staff member must then file a written report to the building principal or their designee no later than two school days after making the oral report.

The school principal or their designee will lead or supervise an investigation of the alleged incident of harassment/bullying and/or discrimination. The building principal or their designee shall ensure that the investigation is undertaken promptly, treated as confidential, and follows the procedures set forth in the Code of Conduct.

If the investigation determines that a material incident of harassment/bullying and/or discrimination has occurred, steps will be taken as warranted to:

- Ensure the safety of the student.
- Eliminate the hostile environment where the harassment/bullying and/or discrimination occurred.
- Follow up to ensure the interventions put in place eliminated the harassment/bullying and/or discrimination, including retaliation.
- Work to create a more positive school culture and climate.

VI. Students with Disabilities

A. The Board of Education recognizes that the need to address disruptive or problem behavior within its schools may result in the suspension, removal or other discipline of students with disabilities eligible for services under the Individuals with Disabilities Education Act (IDEA) and Article 89 of the Education Law (Article 89) and their implementing regulations. It also recognizes that these students with disabilities enjoy certain procedural protections whenever school authorities intend to impose discipline upon them.
1. A student with a disability may not be removed pursuant to Section 201.7 of the Regulations of the Commissioner of Education if the imposition of the 5 school day or 10 school day suspension or removal would result in a disciplinary change in placement based on a pattern if suspensions or removals as determined by school personnel in accordance with the criteria set forth in section 201.2 (3)(ii) except where the CSE has determined in accordance with section 201.4 that the behavior was not a manifestation of such students’ disability, or the student is placed in an IAES as authorized under Commissioner’s Regulations.

2. “Disciplinary change in placement” means a suspension or removal from a student’s current educational placement that is either:
   a. for more than ten (10) consecutive school days; or
   b. for a period of ten (10) consecutive days or less if the student is subjected to a series of suspensions or removals that constitute a pattern because they cumulate to more than ten (10) school days in a school year and because of such factors as the length of each suspension or removal, the total amount of time the student is removed and the proximity of the suspensions or removals to one another.

B. Accordingly, it shall be the Board’s policy that the procedures followed for suspending, removing or otherwise disciplining students with disabilities eligible for services under IDEA and Article 89 will conform with the procedural safeguards required by applicable laws and regulations.

C. This policy incorporates by reference the Procedural Safeguards for Students with Disabilities Subject to Discipline set forth in Part 201 of the Regulations of the Commissioner of Education, which implement the procedural protections provided under New York’s Education Law and which coordinate the state’s general procedures or suspension of students with disabilities with the requirements of IDEA and its implementing regulations.

1. The procedures relating to the discipline of students with disabilities require BOCES personnel who recommend the suspension or removal of students to work closely with Committees on Special Education, to establish clear guidelines for communication and decision making on disciplinary matters. The following provides a framework for the actions that schools must take when determining that a student with a disability will be suspended or removed for behaviors that violate the school Code of Conduct.
In order to initiate the removal of a student with a disability from the classroom, the teacher must first determine if the suspension will result in removing a student for more than ten (10) school days in a school year or impose a suspension or removal that constitutes a disciplinary change or placement.

a. If no, the following procedure(s) must be followed in conjunction with the teacher’s supervisor or director:

1. Suspensions shall be administered in accordance with Section 3214 of Education Law and application to Part 201 of the Regulations of the Commissioner of Education.

2. Referral to the CSE may be made for either/or:
   a. Addition and/or modification of the IEP for supplementary aids and services
   b. Review or modification of an existing behavior intervention plan
   c. Functional behavioral assessment
   d. Change in placement

b. If yes, the following procedure must be followed in conjunction with the teacher’s supervisor or director:

a. A referral to the CSE for a Manifestation Hearing

1. If the behavior is related to the student’s disability, unless the parent and district otherwise reach an agreement, immediately return the student to his or her current educational placement.

2. If the behavior is not related to the student’s disability, the student may be suspended or removed for the behavior.

D. Moreover, consistent with the IDEA and New York Education Law, student service personnel, teachers and/or administrators who identify a student with a disability whose behavior is repeatedly interfering with his/her own or other’s learning shall refer such individual to the CSE for a functional behavioral assessment and behavior intervention plan or, if one exists, for review of same.
POLICY

CODE OF CONDUCT

A. Acceptable conduct by school employees shall be consistent with the role of teachers and staff outlined in this Code of Conduct.

B. Unacceptable conduct by school employees

Unacceptable conduct by school employees shall be evaluated consistent with the strategies and procedures for the maintenance and enforcement of public order on school property, other provisions of this Code of Conduct and other applicable laws, rules and collective bargaining agreements.

2. No teacher, administrator, officer, employee or agent of the district shall use corporal punishment against a student.

3. As used in this section, corporal punishment means any act of physical force upon a student for the purpose of punishing that student, except as otherwise provided in subdivision 4 of this section.

4. In situations in which alternative procedures and methods not involving the use of physical force cannot reasonably be employed; nothing contained in this section shall be construed to prohibit the use of reasonable physical force for the following purposes:

   a. To protect oneself from physical injury;
   b. To protect another student or teacher or any other person from physical injury;
   c. To protect the property of the school or others; or
   d. To restrain or remove a student whose behavior is interfering with the orderly exercise and performance of School District functions, powers and duties, if that student has refused to comply with a request to refrain from further disruptive acts.

5. The Superintendent of Schools is hereby directed to develop and implement a reporting procedure which will enable the District to summarize complaints relative to the alleged administration of corporal punishment. Such summaries will include references to the substance of each/all complaints, the result(s) of the investigation of each/all
CODE OF CONDUCT

complaints, and whatever action(s), if any, was/were taken by the administration of the District. The summary of each/all complaints shall be available for submission to the Commissioner of Education in accordance with Commissioner’s Regulations (semi-annually, by January 15th and July 15th of each year).

D. Acceptable Attire

Appropriate professional attire is expected to be worn by all staff members. Clothing shall be neat and clean, shall not be profane, lewd or offensive; not constitute a health or safety hazard (including clothing that promotes the use or sale of alcohol, tobacco and/or controlled substances) or a substantial disruption or material interference with the work or discipline of the school.

E. Communication with Parents, Students, Other School Employees, Administrators or other Persons on School Property

Employees of the district shall refrain from the use of profane, lewd, vulgar or abusive language or words which may incite or offend another person.

VIII. In-Service Education Programs

At the start of each school year, the District shall provide all staff with in-service education regarding District policy for conduct on school property and at school functions, methods for promoting a safe and supportive school climate, and ways of discouraging harassment/bullying and/or discrimination against students by other students or school employees.

IX. Maintenance and Enforcement of Code of Conduct

A. Annual Review

This Code of Conduct shall be reviewed annually and updated as necessary, taking into consideration the effectiveness of code provisions and the fairness and consistency of its administration.

B. Modifications to the Code of Conduct

A board of education or board of cooperative educational services may adopt any revision to the Code of Conduct only after at least one public hearing that provides for the participation of school personnel, parents, students and any other interested party.

C. Review Committee
CODE OF CONDUCT

A school district may establish a committee pursuant to Education Law Section 2801(3) to facilitate the review of this Code of Conduct and the district’s response to Code of Conduct violations.
